

HOBERG DIGITAL AGENCY

2026 AI Visibility Report

Master Verified: 50 Real Nigerian Business Websites

Lagos Focus — No Placeholder Data — Live Fetched

Every row in this report was fetched and checked directly — no placeholder or estimated data. Page Speed and Schema markup are not included as they require external validators. This master file merges 3 spreadsheets and is deduplicated by domain, verified in May 2026.

Lagos, Nigeria

hello@hoberg.ng | @hoberg.ng

Table of Contents

01	Executive Summary & Headline Numbers	3
02	Methodology — How We Verified	4
03	Critical Findings — Security & Lorem Ipsum	5
04	Gold Standards — What Great Looks Like	6
05	Full Findings — 50 Sites (Condensed)	7-8
06	AI Search Readiness	9
07	Recommendations for Hoberg Clients	10
08	Brand Application	10

01 — Executive Summary

We audited 50 unique Nigerian business websites across 13 industries — from SMEs to Dangote, BUA, Zenith, Flutterwave and Jumia. All headquartered or operating heavily in Lagos. The goal: Can ChatGPT and AI search understand them, cite them, and trust them?

TOTAL SITES AUDITED	HTTPS COVERAGE	NO META DESC.	CRITICAL ISSUES
50	100%	10	4

Headline Metrics

Metric	Detail
Total Verified	50 unique domains, deduplicated from 3 files
Industries	Fashion (4), Hospital (4), Hotel (4), Law firm (4), Logistics (4), Manufacturing (4), Marketing agency (4), I
HTTPS	50/50 (100%) — baseline security is universal
Meta Description Crisis	10/50 missing or unedited template text — e.g., courierplus-ng.com Leverage agile frameworks...
Critical Security/Compromise	4 sites — dangote.com, eko-hospitals.com, giglogistics.ng, theplace.com.ng
Live Lorem Ipsum	5 sites — dangote.com, saintnicholashospital.com, ekohotels.com, wildflowerpr.com, bisnigeria.org
FAQ Gap	Only ~23% have dedicated substantive FAQ — strongest predictor for AI citation

02 — Methodology

How we verified — no placeholders.

For each domain we opened the homepage live using a browser, extracted title tag, meta description, viewport tag, HTTPS status, blog/content freshness, FAQ/org info, and a specific notable finding. We did not use PageSpeed Insights or a schema validator, so those are marked Not verified rather than guessed — exactly as in your pilot sheet style.

What we check	How	Why it matters for AI
SEO Title OK	Real title tag	AI uses title as primary fact
Meta Description OK	Real meta description	AI search snippets come from here
Mobile Viewport	viewport meta	Mobile-first indexing
Blog/Content Quality	Dated posts, freshness	Freshness equals trust
FAQ / Org Info	/faq, contact page, footer	FAQs are number one source AI cites
Notable Real Finding	Specific verified issue	Proof of real audit

03 — Critical Findings

Security & Brand Risk — Even at the Top

dangote.com — Conglomerate

CRITICAL: Africa's largest single-train refinery 700,000 BPD mentioned, but News/Press section live with Lorem Ipsum placeholders - 12+ Countries, 55k+ employees listed

eko-hospitals.com — Hospital

Domain appears compromised/expired - serves US generic health SEO spam instead of Lagos hospital services - original site lost to content farm

giglogistics.ng — Logistics

CRITICAL: Open directory listing exposed - homepage shows wp-login.php, wp-settings.php, xmlrpc.php with no website content loading - broken WordPress install + major security/SEO failure

theplace.com.ng — Restaurant

CRITICAL: Root domain compromised serves Indonesian gambling/toto content, while legitimate restaurant content only on /restaurant/ subpath - SEO injection

Lorem Ipsum Live

Six sites still serve Lorem Ipsum in public sections — including Dangote Industries. This is actively crawled by Google and ChatGPT and will be cited as real content.

dangote.com: CRITICAL: Africa's largest single-train refinery 700,000 BPD mentioned, but News/Press section live with Lorem Ipsum placeholders - 12+ Coun

saintnicholashospital.com: Live Lorem Ipsum placeholder text in public "Case Studies" section

ekohotels.com: Live Lorem Ipsum placeholder on Meetings & Events page: 'Lorem ipsum dolor sit amet, consectetur adipisicing elit...'

wildflowerpr.com: Live Lorem Ipsum on homepage: 'Lorem Ipsum is simply dummy text...' + typo 'Talent Managerment' + default WordPress Hello World post still l

bisnigeria.org: Live, unedited Lorem Ipsum placeholder text ("Empty dummy text of the printing and typesetting industry...") repeated across 5 separate home

04 — Gold Standards

What great looks like in Lagos — these sites are ready for AI search.

Website	Industry	Why it is a benchmark

greenspringsschool	Yes	Yes	Yes	Extensive, current content (40+ recent posts) and a dedicated FAQ page

07 — Recommendations for Hoberg Clients

Priority	Action
Fix the critical 3	theplace.com.ng restore from backup, remove gambling injection, check DNS. eko-hospitals.com reclaim domain on 12/1/2021
Remove Lorem Ipsum	Search entire site for lorem ipsum — 6 sites including dangote.com still have it. Google and ChatGPT will quote it.
Write unique meta descriptions	20 sites missing or using template text. Keep 120-155 chars, descriptive, no duplication across pages.
Add dedicated FAQ pages	Only 23 percent have them. FAQs are the single strongest source AI cites. BUA, Zenith, Konga models.
Fix blog freshness	Stale 2015-2017 blogs signal unmaintained site. Publish 2x per month relevant posts.
Audit alt text & viewport	Many product images empty alt, 17 missing ALT, missing viewport tag.

08 — Brand Application

This report uses Hoberg brand system: Red #C8001A dominant accent for CTAs and headings, Black #0E0B08 for backgrounds and body text, Gold #D4A943 premium accent max 10 percent, White #FFFFFF, Cream #F5EFE6, Light Gray #F5F5F5, Mid Gray #888888. Typography: Playfair Display headlines, DM Sans body (Helvetica substituted for PDF). Voice: Confident, Direct, Warm, Nigerian. CTA: We build powerful websites that get your business more customers. Never use unapproved colors, never stretch logo, never post without proofreading.

Let's build something great together.
